BOB ROGGIO FOR CONGRESS

BUSINESS LEADER

Bob is a business leader who created over 600 new jobs, balanced a budget, and took care of the bottom line.

VETERAN

Bob is proud to have served America in the Reserves and looks forward to serving our country in Congress.

FAMILY MAN

Bob and his wife, Jeannie, raised three children in Chester County where they have lived as active members of the community for 35 years.

THE COURAGE TO CHANGE WASHINGTON

When Bob was in college, his father's sudden death forced him to drop out of school to support his family. For the next 30 years, Bob helped to create over 600 new jobs and provided employees with affordable healthcare and continuing education. He then went back to college to finish the job he started and earned his degree at age 56. Bob will bring that same brand of courage and perseverance to Congress, where he will:

- Focus on reviving our economy
- Work to achieve energy independence
- Bring our troops home from Iraq
- End business as usual in Washington
